

A Christmas Greeting

The celebration of the birth of our Saviour, the gladdest season of the year, is upon us. For all of us, after a year of successes and sorrows, surely the joys of Christmas will be great.

In the name of the trustees, faculty and staff of Saint Joseph's College, I wish all of you a most Joyous Christmas and a Happy New Year. The alumni and the parents of our students will be in our thoughts this holiday season. We know you will gather with us in spirit around the banquet table to celebrate with Him this blessed season.

Charles Banet, C.F.A.
PRESIDENT

Homecoming Queen Marge Gregg of Chicago and her escort Jim Sullivan, also of Chicago.

1968 HOMECOMING HIGHLIGHTS

The picture above captures the anxiety of the crowd during the Homecoming game. Standing is Mary Margaret Hagedorn, a senior at Saint Joseph's.

Excitement. A hope and a belief that Valparaiso's three points won't be enough to win, that somehow we'll score a touchdown, that somehow the best effort of the season will be rewarded. But only frustration. The first-quarter field goal proves sufficient, the final score is 3-0.

It was the first loss to Valparaiso in four years, the first Homecoming loss in four years. The team played its best game of the season against an archrival that eventually won the I.C.C. championship with a perfect conference record.

The parade, the game, the happy hour, the dinner by candlelight and the performance of the glee club, the Columbian players presentation, and the Homecoming dance made the 1968 Homecoming festivities a memorable and enjoyable event for the record number of alumni who attended. It was an opportunity to renew old friendships and to visit the campus where they were made.

Keith Snyder '56 receives the congratulations of Alumni Director Bob Lofft '66 for having been named the winner of the 1968 Alumni Service Award. Standing with them is Father Charles Banet, president of the College. The award was presented at half time. Snyder, a member of the Alumni Board of Directors, has directed several phone-a-thons enlisting alumni support for Saint Joseph's.

The Sweet Sixteen and Saint Joseph's Marching Band

Dr. John Egan directs a chorus of alumni and glee club members at the Homecoming banquet in Halleck Center. Previous members of the College's glee club, alumni from the years 1942 to 1967, were invited to join the glee club during their performance.

Members of Saint Joseph's Blue Key National Honor Fraternity sponsored the largest parade in Rensselaer's history. Four marching bands, 19 floats, celebrity cars, and antique cars traveled through Rensselaer's business district and out College Avenue to the Saint Joseph's campus.

Saint Joseph's Eightieth Year-- Alive Faculty A Strong Point

It was nearly 80 years ago, on April 1, 1889, that Saint Joseph's College was chartered. Yet, as a degree-granting institution, Saint Joseph's is young. The first Bachelor degrees were not awarded until June of 1938—to 12 members of the graduating class. Then came the years of World War II, enrollment fell severely, and the College was faced with a crisis. Today the College still faces problems, some seemingly without solutions, and, as in the early 1940's, a few individuals are calling Saint Joseph's future into doubt.

As Saint Joseph's nears the end of its 80th year (its 31st year as a four-year college), the College's president, Father Charles Banet, in comments made during a recent interview, realistically appraises the College's present and future.

"Saint Joseph's has many things going for itself," says Father Banet. "Among them is a faculty which is alive and truly interested in the College's development. I would say the faculty profile this year is the best we've ever had at Saint Joseph's."

The College now has 91 full-time faculty members, about one for every 15 students. Besides their teaching assignments, the College's professors serve on committees dealing with curriculum reform, athletics, admission of new students and several other important areas.

"A solid faculty is central to a college hoping to provide a quality education for our young men and women," Father Banet states. "At this time we have a greater percentage of doctors on our faculty than ever before, and many others are working on their doctorates. But just as important as scholarship is their ability to teach. We have tried to maintain a faculty of excellent teachers and scholars, and we've also tried to pay them salaries commensurate with their abilities. Our faculty salary scale is high, as high at that found in the best Catholic colleges and universities."

But in spite of its faculty, Saint Joseph's faces serious problems, many of which are shared by other private colleges. The main problem is financial—how to keep revenues increasing at the same pace as costs. Tuition, room and board fees do not cover the cost of a student's education at Saint Joseph's, and any substantial raise in tuition would probably cause enrollments to diminish.

Additional funds are required not only for continued operation, but also for improvements to the campus. Two projects which cannot be started until money is available are a new library and renovation of the chapel. And several hundred thousand dollars are needed to expand the power and heating plant. A week before Thanksgiving, classes had to be suspended because of boiler failure. Funds are also needed to make improvements in dormitories, laboratories and in the College's recreational facilities.

The College is also making a commitment to the economically underprivileged student. A gradually increasing number of such students are expected to be enrolled at Saint Joseph's. Given a limited capacity for enrollment, one of the prob-

lems is finance: providing an underprivileged student with a scholarship means that another student who is able to pay may not be able to attend.

Father Banet is uncertain where the needed funds will come from. "We now receive some help from the Federal Government in the form of loans and grants, and Indiana business firms have made contributions through the A.C.I. (Associated Colleges of Indiana) of which Saint Joseph's is a member. Donations from alumni and parents have also been helpful. Hopefully, now that we have inaugurated a deferred giving program and a program for foundation support, Saint Joseph's may obtain the funds we need in order to provide our students with the best possible educational facilities."

Father Banet believes that "the future of Saint Joseph's lies in our ability to innovate, to find new ways of coping with skyrocketing costs, and to meet the academic challenge of state-supported schools. I believe we are beginning to do these things now."

Alumni Board Seeks \$47,000 Fund Goal

At their summer meeting on campus, members of the Alumni Board of Directors adopted a resolution to increase the goal of the 1965-69 Alumni Fund by 50%—from last year's \$31,000 to a new goal of \$47,000. The Board also approved a deadline of April 1, 1969, marking the first time that the campaign will be compressed into a six-month period.

If the alumni reach the goal of TARGET 47-M, the name given to the campaign, it will represent an increase of more than 350% of the \$12,000 raised in the Alumni Fund campaign of 1961, only eight years ago. At that time the College had a total alumni body of 5,000 graduates and former students. The current figure is less than 8,000—only slightly more than a 50% increase in number.

Yet Fund chairman Bernard Balas '57 is confident the new goal of \$47,000 can be reached. He explains that the alumni have demonstrated an increased loyalty to Saint Joseph's over the past five years. Furthermore, the College's young graduates—more than half have taken their degrees since 1960—are beginning to reach levels of income where it is possible for them to make a gift.

To help reach the goal, the 24 members of the Board are scheduling local fund-raising phone-athons in each of their geographical areas. Alumni have already conducted phone-athons in Fort Wayne, Hammond and Chicago.

With the deadline less than four months away, the Fund totals are approaching \$20,000 with over 400 alumni having made a donation.

Alumni Chapter News

Fort Wayne

Members of the Fort Wayne Alumni Chapter met at the Old Crown Brewery on October 17 to elect new officers and discuss future functions. Elected were Mike Mettler '61, president; Jim Zid '55, Bill Dillon '66, Larry Kelly '55, Hugh McFarland '62, vice presidents; Paul Steigmeyer '54, secretary; and Ken Steltzer '60, treasurer. Jim Zid (office phone: 743-8012) is in charge of membership.

Calling from the offices of Mettler Insurance on November 25, nine members of the chapter conducted a fund-raising phone-a-thon among alumni in northeastern Indiana and lower Michigan. The alumni responded with gifts totaling \$1,305, the average donation amounting to \$21.75. The money will count toward the Alumni Association's goal of \$47,000 for the year.

Northwest Indiana

The old Lake County Alumni Chapter came out of hibernation, adopted a new name (The Northwest Indiana Alumni Chapter), expanded its area to include Lake, Porter, LaPorte and southern Cook County (Ill.), and held its organizational meeting at Condes' Restaurant in Whiting. Nearly 50 alumni attended the combination business meeting-buffet-smoker. A steering committee headed by Joe Chrustowski '59 was appointed to head the chapter until officers are elected at the next meeting.

Ten chapter members aided in the Northwest Indiana phone-a-thon which canvassed alumni in Gary, Hammond, South Bend and Lafayette. The calls were made from the Jefferson National Life Insurance Agency in Munster. A total of 89 grads responded with an average gift of \$20.17 to Target 47-M.

Chicago

The Chicago Chapter hosted a stag for area alumni at the Millionaires Club on September 27. Head football coach Bill Jennings and assistant coach Ernie Fritsch were there with films of the 1956 National Championship team and teams of later years.

Following the DePaul-Saint Joseph's basketball game in Chicago, the chapter sponsored an alumni-parent reception in DePaul's Alumni Hall. Approximately 300 attended, dancing to the music of Saint Joseph's dance band.

The 1968 coast-to-coast phone-athon originated from the 26th floor of the Sheraton-Chicago Hotel. During the week of December 3, nearly 500 alumni responded with gifts totaling over \$8,000.

Homecoming Photos

Alumni of the reunion classes of '53, '58 and '63 were the guests of honor at the game.

The Honorable Charles Halleck presents the "Halleck Cup" to the New Dorm for the best use of color in a parade float. There were 19 floats in the parade, all of them sponsored by a student dormitory or a campus club with financial assistance from Rensselaer merchants.

130 Women Register
For Fall Semester

Seven foreign countries and 33 states are represented by the first semester's total enrollment of 1,427 students. Included are 130 coeds who have been admitted with residential status for the first time in the College's 80-year history.

Alumnus Named President
Of Mt. St. Agnes College

Dr. John H. Ford '47 has been appointed president of Mount Saint Agnes College in Baltimore. Previously he was chairman of the philosophy department at Bellarmine College where the students and faculty chose him as the school's "outstanding professor."

Junior Wins
Rudy Volz Award

Five alumni judges selected junior fullback Karl Maio as the seventh recipient of the Rudy Volz Memorial Award as the most valuable player in this year's Homecoming game. The award bears the name of the Saint Joseph's Alumni Director who lost his life in a 1961 automobile accident.

Dr. Wood On Sabbatical
At Catholic University

Dr. Robert Wood, associate professor of philosophy at Saint Joseph's, is on sabbatical leave at Catholic University of America as a visiting professor. Dr. Wood will spend the year working on his second book and co-editing a series of books titled *Horizons in Philosophy*.

Trustees Increase
Scholarship Aid

At their November meeting on campus, the College's Board of Trustees voted to reject a proposal that a portion of the College's 43 athletic grants be converted to academic scholarships. Instead, the Board raised the number of academic scholarships outright—from 30 to 43. The increase will be spread over a four-year period.

Football Team
Closes Season

Saint Joseph's football team completed the season with a record of one win and eight losses. It was the first time in 14 years the Pumas had won their opening game (35-21 over North Park College of Chicago), but the rest of the season held frustrations, injuries and disappointments. Head coach Bill Jennings, who has held his position for two years, stated at the annual athletic banquet that the future appears brighter, and he pointed to his returning lettermen and this year's freshman team as evidence. The frosh made impressive showings in all three season games, winning two of them. Further, as a team they have a fine academic rating—the number of players lost because of grades will be minimum.

Saint Joseph's
To Remain In ICC

At the November 15 meeting of Indiana Collegiate Conference schools, President Charles Banet declared Saint Joseph's intention to remain a member of the athletic conference. When Ball State and Indiana State withdrew last year, the conference's future became uncertain. Besides Saint Joseph's, teams remaining are Butler, DePauw, Evansville and Valparaiso. There is the possibility additional colleges will be admitted to the I.C.C.

Ernst & Ernst Alums
Contribute \$200

Alumni with the accounting firm of Ernst and Ernst conducted an intra-office campaign to raise funds for the Alumni Fund, Target 47-M. The eight alumni each contributed \$25.00. Tom Eiter '67 presented the check at the Accounting Career Day Banquet, October 28.
